DIRECTIONS

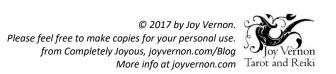

- 1. Prep your deck as usual, cut into two piles, face down. The piles are A and B from left to right.
- 2. Turn over the top three cards of Pile A.
- 3. Take the bottom card of Pile A and place it above the pile, face up.

3rd Consideration

4. Turn up the top three cards and bottom card for Pile B.

HOW TO READ THE DECISION SPREAD

- Note your first impressions, preponderances, and obvious patterns.
- Cards 1, 2, and 3: main considerations for Option A.
- Card 4: Unanticipated factor for Option A, including unforeseen forces, unconscious desires, or the general environment.
- Cards 5, 6, and 7: Main considerations for Option B.

3rd Consideration

- Card 8: Unanticipated factor for Option B, including unforeseen forces, unconscious desires, or the general environment.
- Cards 1 and 5: Compare Option A with Option B to discover the differences in the initial situation.
- Cards 2 and 6: Compare how the two options develop differently.
- Cards 3 and 7: Compare to discern the differences in the final outcome of each option.
- Cards 4 and 8: Compare to discover what unanticipated factors will affect your overall experience of each situation.
