Esoteric Tarot

The esoteric tarot integrates symbolic systems such as qabalah and astrology with the spiritual development described in the Fool's Journey.

The esoteric tarot allows us to go deeper into the spiritual symbolism of the cards while offering practical everyday information.

Perfect for those who want to learn the Thoth Tarot, Marseilles, or other decks with unillustrated pips, those interested in the Western Mystery Tradition, or anyone who wants to get detailed, specific, no-nonsense answers for their querents.
